NOTES

Attention is drawn to the following extracts from Part 1 of the Caravan Sites & Control of Development Act 1960 (as amended). The Act may be obtained from H.M. Stationery Office and should be consulted if further information is required.

Appeal to Residential Property Tribunal Against Conditions Attached to the Site Licence

- 7 (1) Any person aggrieved by any condition (other than the condition requiring a copy of this Licence to be displayed on the land in some conspicuous place) subject to which a Site Licence has been issued to him in respect of any land may, within twenty-eight days of the date on which the Licence was so issued, appeal to a Residential Property Tribunal acting for the area in which the land is situated, and the Tribunal, if satisfied (having regard amongst other things to any standards which may have been specified by the Minister under subsection (6) of the said Section (5) that the condition is unduly burdensome, may vary or cancel the condition.

Power of Local Authority to alter conditions attached to Site Licences

- 8 (1) The conditions attached to a Site Licence may be altered at any time (whether by the variation or cancellation of existing conditions, or by the addition of new conditions, or by a combination of any such methods) by the Local Authority, but before exercising their powers under this subsection, the Local Authority shall afford to the holder of the Licence an opportunity of making representations.
- (2) Where the holder of a Site Licence is aggrieved by any alteration of the conditions attached thereto or by the refusal of the Local Authority of an application by him for the alteration of those conditions, he may, within twenty-eight days of the date of which written notification of the alteration or refusal is received by him, appeal to a Residential Property Tribunal acting for the area in which the land to which the Site Licence relates is situated; and the Tribunal may, if they allow the appeal, give to the Local Authority such directions as may be necessary to give effect to their decision.
- (3) The alteration by a Local Authority of the conditions attached to any Licence shall not have effect until written notification thereof has been received by the holder of the Licence, and in so far as any such alteration imposes a requirement on the holder of the Licence to carry out on the land to which the Licence relates, any work which he would not otherwise be required to carry out, the alteration shall not have effect during the period within which the said holder is entitled by virtue of the last foregoing subsection to appeal against the alteration nor, thereafter, whilst an appeal against the alteration is pending.

Provisions as to Breaches of Condition

- 9A (1) If it appears to a local authority in England who have issued a site licence in respect of a relevant protected site in their area that the occupier of the land concerned is failing or has failed to comply with a condition for the time being attached to the site licence, they may serve a compliance notice on the occupier.
- (2) A compliance notice is a notice which—
(a) sets out the condition in question and details of the failure to comply with it,
(b) requires the occupier of the land to take such steps as the local authority consider appropriate and as are specified in the notice in order to ensure that the condition is complied with,
(c) specifies the period within which those steps must be taken, and
(d) explains the right of appeal conferred by subsection (3).

- (4) A local authority may—
(a) revoke a compliance notice;
(b) vary a compliance notice by extending the period specified in the notice under subsection (2)(c).
- (5) The power to revoke or vary a compliance notice is exercisable by the local authority—
(a) on an application made by the occupier of land on whom the notice was served, or (b) on the authority's own initiative.
- (6) Where a local authority revoke or vary a compliance notice, they must notify the occupier of the land to which the notice relates of the decision as soon as is reasonably practicable.
- (7) Where a compliance notice is revoked, the revocation comes into force at the time when it is made.
- (8) Where a compliance notice is varied—

(6) For the purposes of subsections (4) and (5)—

 - (2) Where a Local Authority give their consent to the transfer of a Site Licence, they shall endorse on the Licence the name of the person to whom it is to be transferred and the date agreed between the parties to the transfer as the date on which that person is, for the purposes of this part of this Act, to be treated as having become the holder of the Licence.
 - (4) Where any person becomes, by operation of law, entitled to an estate or interest in land in respect of which a Site Licence is in force and is, by virtue of his holding that estate or interest, the occupier of the land within the meaning of this part of this Act he shall, for the purposes of this part of this Act, be treated as having become the holder of the Licence on the day on which he became the occupier of the land, and the Local Authority in whose area the land is situated shall, if an application in behalf is made to them, endorse his name and the said date on the Licence.

Notes:

ⁱ Plot 9 of Dinsdale Fields has planning permission under Planning Reference R/1/99 which has no restriction on permanent residential occupation of a caravan.

ⁱⁱ The plan attached to the Official copy of the Land Registry title no. SX48180 'Edition date 03.08.2005' was provided with the Licence application.

ⁱⁱⁱ Due to the site being well established over a significant number of years where this distance cannot be achieved a reasonable distance shall be maintained from neighbouring boundaries.

^{iv} Due to the site being well established over a significant number of years, where this distance of 3m cannot be achieved a reasonable distance shall be maintained.

^v Following consultation with the WSCC Fire Officer the following advice was provided:

Water supplies via mains fed hydrant are compliant with WSFRS policy as the one located in the business park is within scope to reach a fire appliance when parked within 45 m of a property.

In the current layout there is no scope for turning a fire appliance on the access road therefore a marshalled reverse would be permitted. This would be a low risk to the Fire and Rescue service and residents. This approval is for non-compliant access requirement and does not set any precedent.

^{vi} Details of the drainage system including type of system, size and construction of any septic tank or cesspool must be provided within three months of issue of the site licence.
