As part of the Arun Local Plan 2011-2031 adoption, the Council has committed to producing a District Design Guide Supplementary Planning Document (SPD). Arun District Design Guide SPD is intended to provide detailed information that adds further detail to the Design Policies of the Arun Local Plan, raise the standard of design across the District and set out what the Council expects proposals to deliver in terms of the design of all new developments and how distinctive character and qualities of the District should be respectfully improved and enhanced through development. It is important that this SPD commences as soon as possible and to appoint a consultant to undergo this work.

If you wish to make representation to the Cabinet Member before the decision is taken, you can find the Cabinet Member contact details from this link: Cabinet Member Email Contact Details or by calling 01903 737611 or by contacting the Officer listed above.
