

Addendum

This addendum has been published to provide notification that Arun's Annual Monitoring Report for 2010-11 has been amended to reflect a change to the section dealing with Arun's Five Year Housing Land Supply.

A correction has been made to remove the Windroos Nursery site from the table entitled Land Released for Development Post 1st April 2011 shown on page 33 of Arun's Annual Monitoring Report 2010-11, with due amendments also made in the associated text and tables.

The Windroos Nursery site has been removed from the table entitled Land Released for Development Post 1st April 2011 as the site was included in this table in error. The Windroos Nursery is properly considered as part of Site 7, a site allocated for development in Arun's 2003 Local Plan. Projected dwelling completions on sites allocated for development in Arun's 2003 Local Plan are included within projections for Allocated Sites.
