**Conservation of Habitats and Species Regulation 2010 - Screening Opinion of Ferring Parish Council Community Right to Build Order 1: Land behind the Henty Arms**

Dear Nadine

Thank you for your Draft Orders and the request for a screening as to whether these trigger the need for any assessment under the Conservation of Habitats and Species Regulation 2010.

I can inform you that due to its location although it does have some locally designated sites for nature conservation within or in close proximity to the Parish as the distance to any internationally designated sites exceeds 10km of the proposed site, it does not trigger the requirement for an assessment and so does not breach, and is otherwise compatible with European and Human Rights obligations.

Yours Sincerley

Charlotte Hardy  
Senior Environmental Assessment Officer
