YOUR RIGHT TO VOTE BY POST

Applying for a postal vote could not be easier

1. The law allows anyone included in the Register of Electors to apply for a postal vote without the need to give any reason or to have the application form countersigned. (You must give a reason if you want the postal vote to be sent to an alternative address to that you are registered at).
2. If you would simply prefer to vote by post instead of going to a polling station you can apply on by completing this form.
3. Postal votes can be sent anywhere, either inside or outside the United Kingdom (if, for example, you are going on holiday). Remember, though, that if the address is outside the UK it will take longer to reach you and for you to return it.
4. If you move house you must contact us immediately, or you may lose your entitlement to vote by post.
5. Please remember that there is always a last day to receive postal vote applications in time for a particular election. This day and time will be advertised closer to the election date.
6. You are strongly advised to complete and send in your application early. Don't wait until an election date is known.
7. For further information or advice, please contact using the details overleaf.
